

SGINL Newsletter study-exam level 1 & 2 (2025)

On 10th of May 2024 from 14:00 till 16:00 o'clock there will be an opportunity to participate in the SGI Netherlands Level 1 and 2 study exams. The study exams also provide a perfect opportunity to support participants in these exams as study coaches and study the study material together.

The tradition of the study exams finds its basis in the words of Nichiren Daishonin who encourages us as follows: "Exert yourself in the two ways of practice and study. Without practice and study, there can be no Buddhism." (WND-I, p. 386) In the New Human Revolution, SGI President Daisaku Ikeda writes the following about the significance of taking part in a Buddhist study exam: "Thank you very much for taking the trouble to come here and challenge this exam. Some of you must be wondering why we have to study such difficult Buddhist theory, when surely it's simply enough to chant daimoku and receive benefit. Please bear in mind, however, that while correct faith does bring tremendous benefit, it is also fraught with obstacles and difficulties. Unless you have a solid grounding in study, you'll start to have doubts when problems arise." What a good fortune that by participating or supporting the study exams we can strengthen the foundation of faith.

This year there will be two preparation meetings at the cultural center in Amsterdam (hybrid) to support participants in their preparations to deepen their understanding of the study material with their own lives. The first preparation meeting will cover the meaning of Buddhist study and will give a bird's eye view of the study material with an explanation of what to expect in terms of questions during the study exam so that everyone can prepare well for the exam. The second meeting will be a question and answer session where members and guests (level 1) can ask questions about the study material.

We especially encourage all participants to study together in their local district, chapter or region with a study coach, someone who has passed the exam before, (and local members). Thus, the preparation meetings are not a substitute for local preparations, but only complement the local preparations.

Below you will find the criteria to participate in level 1 or 2, an overview of the preparation meetings and the e-mail address where you can send an e-mail for questions/ and or comments.
